

DRAW TO WIN

Your eyes are amazing machines with more than 2 million working parts in each eye. They act like a camera taking pictures of the world around you, sending them to your brain to make sense of what you're seeing. As Optometrists, our job is to check your eyes and make sure they are developing well, because they're so important to your learning, sport and everyday life.

Think about the pictures your eyes have taken over the holidays and draw the best thing you saw below:

To go in the draw to win one of 10 Mini Bento Boxes from Stuck on You, bring your drawing back to our practice by Saturday, 29 February 2020.

Name: _____ Age: _____

Parent Name: _____ Parent Email: _____

Parent Information

Did you know that vision is responsible for 80% of all learning in a child's first twelve years? Poor vision can interfere with your child's ability to learn and meet their full social and academic potential, yet often goes unnoticed. That's why it's important for children to have an eye examination prior to starting school and again every two years throughout their life, to monitor their vision and eye health.

As part of a comprehensive eye examination, we will look for early symptoms of short-sightedness, also known as myopia. Increasing at an alarming rate worldwide, child myopia has doubled over the course of a single generation. Myopia is a common eye condition that makes distance vision blurry. Research suggests that lifestyle factors are largely responsible for the rise, including low levels of outdoor activity and prolonged time spent on near tasks such as reading and device use. Early detection enables us to prescribe treatment options to slow myopia progression, reducing its severity and the risk of associated eye disease in adulthood.

Book an eye examination with us today for peace of mind that your child's vision and eye health are being monitored closely.

For more information on myopia go to: www.childmyopia.com

Draw To Win Competition Information

Eligibility

- Entry is open to persons under 13 years old who are Australian residents.
- Employees of ProVision, immediate family members of those employees and employees of any other company associated with this Promotion are ineligible to enter.

Entry

- The Promotion commences 09:00 02/01/2020 and entries close on 17:00 29/02/2020. (Promotion Period).
- Entries can only be submitted at participating optometry practices either hand delivered or by post; entries may not be submitted electronically. For a listing of participating practices visit www.provision.com.au/back-to-school [provision.com.au].
- To enter, eligible entrants must submit their own drawing of their favorite holiday experience (details described in the entry form) during the Promotion Period. Entry forms are available at participating optometry practices or can be downloaded at www.provision.com.au/back-to-school [provision.com.au].

Prizes and winning

- There will be 10 prizes awarded at each participating optometry practice.
- The competition is a game of skill. There are no separate age categories within the under 13 years age eligibility criteria for the competition.
- Winners will be selected by the chosen practice representative/representatives. It is at the sole discretion of the practice representative to ascertain the 10 best entries.
- Winners will be chosen between 09:00 on 01/03/2020 and 17:00 on 04/03/2020 at each participating optometry practice where entries were submitted.
- Winners will receive an individual winners voucher code to be used to choose their own personalized Mini Bento Box. Vouchers can only be redeemed online at www.stuckonyou.com.au. Vouchers will cover the cost of standard delivery.
- Each prize is valued at \$41.25AUD. The total prize pool value at each participating optometry practice is \$412.50.

Prize conditions

- Winners will be notified by email before midnight 10/03/2020.
- It is the responsibility of the entrant to ensure all details including email address are present on the entry form.
- Prizes must be claimed prior to 30/06 /2020. Vouchers are valid for use until 30/06/2020.
- Any unclaimed prizes will be forfeited.
